

## **PCSO Monthly Ward Update: Woodingdean**

*Brought to you by your Ward PCSO, Podesta*

---

### **Ward Update – NOVEMBER 2024**

In recent weeks I have started to conduct some investigation into where dirt bikes are being driven in the WOODINGDEAN area in a dangerous manner. Currently my information is still very limited, and I would ask anyone with any information to contact me though 101 or online report.

I am always open to hearing from residents. If you'd like to arrange a community meeting or discuss any concerns, please don't hesitate to reach out to me through the Sussex Police website (using my collar number 43598). I will be happy to engage with you directly.

---

### **WOODINGDEAN Patrols**

In November, I have conducted patrols in the areas of FALMER ROAD, COWLEY DRIVE and WARREN ROAD in response to people's concerns of speeding.

On the 21<sup>st</sup> of November I conducted foot patrols along WARREN ROAD to engage with business owners on any concerns. In which no concerns were flagged to me.

Further patrols have also been done around the general area of WOODINGDEAN. During these patrols nothing was identified of concern.

I appreciate people may not see enough of myself being the ward PCSO however unfortunately our attention often gets drawn to other areas based on demand. I will continue to try and conduct as many patrols as possible in my ward area.

---

### **Visits attended**

This month I conducted a visit to KIPLING Nursery school in WOODINGDEAN. In which I was able to teach young children about who to contact in an emergency. Along with showing the equipment and gear used by police. This was a positive and productive engagement.

If you would like me to attend any other community meetings or events, please submit a request through the Sussex Police website using my collar number 43598.
