On the 04/06 Ward PCSO 37768 & 37385 attended the home Address of a resident in the Hanover & Elm grove

Paul had reported that in the early hours of the morning whilst attending a call from one of his friends who needed assistance from across the road , his mobility Scooter which was locked up was stolen from outside the address.

Paul is disabled who acquired a brain injury and only has one leg and his scooter is his lifeline in order to maintain his standard of living. Once the scooter had been stolen the only option was to use his crutches.

PCSO Browning contacted Clearwell mobility in Woodingdean to see if they could assist in the matter .

On 30th June Hayley and Julie contacted the PCSO and advised that another local resident had advised that their friend had recently passed and the friend had left his mobility scooter to him.

The friend did not need the scooter and contacted Clear Well mobility to see if they could dispose of it .

Hayley then contacted the PCSO 37768 about the Scooter and they joined the dots between the two.

The PCSO picked up the scooter up and delivered to Paul to his home address .

Paul was delighted and overwhelmed as he had lost alot of his independence but could now go to the shops and continue his normal daily activities.
